March 18, 2024

Dear Loyalist College Team,

This letter confirms my interest in becoming a part of the Student Government. The position I am interested in applying for is Student Vice-president, Student Life . I am well – suited for this role because I am passionate about building an inclusive environment for all , I’m confident when speaking to new people and I look forward to create opportunities for expression.

I desire to actively participate in college activities, which fuels my interest in becoming a Student Government Board Member. I believe that the Student Government body can bring changes and encourage participation and curiosity among peers. As Vice President of student life, I aim to help everyone and make sure that the questions are answered and on time. Further, I have desired ability to work well with others and make sure to bring people together.

I have a strong belief in power of collaboration. To discuss this, I am currently in ECE program and I have placements going on, these placements are helping me are making me learn how to be creative , collaborative and how to have a good time management skills , also how to make sure that everyone is on board and engaged. I have seen myself becoming a better listener and have started gaining a lot of patience.

Thank you for considering my application. I am eager to bring my skills, experiences, and passion to this role, and I look forward to the opportunity to contribute to the continued success of the Loyalist College. I am highly motivated and passionate about this role.

Yours Truly ,

Gauri Sethi
